

Word Matching

What is “Word Matching” and why is it important?

“Word Matching” provides an opportunity for you and your child to practice identifying words. It is important for your child to identify common words as he learns to read.

How can I use “Word Matching” with my child?

After you read a book to your child several times, you can help him learn to read words by involving him in “Word Matching.” On separate cards write a few words from the book. Have your child look at each word carefully and match it to the word in the text.
