

## Structured Language Experience Story “ab” #1

We took a taxicab to our cabin in the forest. The cabin was drab and shabby. It was my mom’s habit to water the crab tree as soon as she got to the cabin. Then she fixed dinner. My tabby cat grabbed the slab of meat off the table. But my Labrador dog was acting abnormal and he sabotaged the Scrabble<sup>®</sup> game. We gave up and went to bed. We slept fabulously.
