

## Structured Language Experience Story “ab” #2

The laboratory assistant grabbed a fabulous jackrabbit from its habitat in the lab. But, the jackrabbit was crabby because it hadn't finished its cabbage and it was absolutely starving! So, the jackrabbit joined a tabby in sabotaging the laboratory worker's research. However, the laboratory assistant grabbed a tablet and recorded the abnormal behavior of the tabby and jackrabbit. She was excited about the fabulous aberrations she saw in their behavior.
