

Structured Language Experience Story “ace” #1

Jace has a graceful wife who likes to paint her face. She also enjoys wearing pretty lace dresses and bracelets on her wrist. Jace likes to race and runs all over the place. He always wins the relay race. Together, Jace and his wife dream of traveling in space. They have built a space ship that looks like a race car. After Jace’s wife gets a facelift, they will get in their spaceship and travel someplace far away. You can bet that Jace will continue to race and his wife will still wear lace and paint her face.
