

Structured Language Experience Story “ade” #2

Jane and Shane went on a picnic. They brought lemonade and orange marmalade. They wanted to be in the shade so they sat under a big tree. All of a sudden, Shane went on a tirade and hit the tree with a spade. That made some bees in their hive angry. Jane and Shane tried to wade in the water to evade the angry bees' tirade. After a while, the bees buzzing began to fade. Jane and Shane left, and went to the arcade.
