

Structured Language Experience Story “ape” #1

Nathan saw a hairy ape at the zoo. The ape was wearing a yellow cape that was draped across his back. The cape was attached to the nape of the ape’s neck with tape. Nathan noticed that the cape was in the shape of a banana. The ape was eating grapes and looked like he wanted to escape. Nathan had read in the newspaper that the landscape in the zoo was the best for the ape. Nathan did not help the ape escape, but he did visit the ape everyday and brought him grapefruit.
