

## Structured Language Experience Story “au” #1

Paul taught us all how to play basketball. Because I was the tallest, he threw the ball to me. I caught it and dribbled for a shot. Everyone thought I was a ballhawk. Tomorrow at dawn we have a game. I will have to crawl out of bed to be on time. Paul scrawled out a game plan for us to follow. If we do, we will have a flawless game. We will pause to thank Paul.
