

Structured Language Experience Story “ear” #2

The bearded Mr. Mular used the gearshift to put his truck in first gear. But, the rear of his truck was clearly stuck in the mud. Mr. Mular was filled with weariness as he rubbed his bleary eyes and got out of the truck. At first, his nearsightedness didn't allow him to see the seriousness of his problem.

“It will take me a year to clear out of this mud!” thought Mr. Mular.

However, help was nearby. Mrs. O'Leary had seen him, and she spearheaded a group to help the dear man. Fearlessly, Mrs. O'Leary and her group pushed Mr. Mular's truck clear of the mud. This caused them to be weary and smeared with mud. Nevertheless, he was clearly grateful to them. Soon they were all hearing Mr. Mular offer to take them to dinner. Their weariness forgotten, they all went home to get ready to go to a nearby diner.
