

Structured Language Experience Story “ee” #2

Meegan Weever was a sleepy teenager. She seemed to get enough sleep each night, but every morning she was even sleepier. Meegan needed sleep! Therefore, the Weevers set up cameras to watch Meegan’s sleep.

The next morning when they watched the tape, they were speechless. Meegan was a sleepwalking teenager! The Weevers watched Meegan sleepwalk to their greenhouse and get out the wheelbarrow. Then she took some dirt and seedlings and wheeled them out to the street. After she had finished planting the seeds along the street, she washed her feet and went back to bed. Meegan only had one hour and fifteen minutes of sleep. Now the Weevers are meeting with Meegan’s doctor to get her some help with her sleepwalking.
