

## Structured Language Experience Story “et” #1

Brett and Chet went to the wetlands to find their runaway Shetland Sheepdog. The Shetland Sheepdog named Betty ran away when Brett and Chet tried to take the dog to the vet's. Betty does not like to go to the veterinary office. But Brett and Chet were fretting about Betty's health. They wanted to make sure that their pet was better. It was quiet in the wetlands when all of a sudden, Betty shot out of the weeds like a rocket. Brett asked Chet, "Will she let you get a hold of her?" Chet said, "Not yet, but I have a piece of cheese in my pocket." Betty came over for the cheese in Chet's pocket.
