

Structured Language Experience Story “id” #1

Sidney is the middle child in her family. She did not like being forbidden to participate in the Iditarod race. Sidney hid under the bridge trying to find a way to go to the Iditarod. Sidney and her pet squid would play tiddlywinks while they sat under the bridge. One day Sidney thought it would be better to be a kid instead of being in the Iditarod. Sidney and the squid continued to play tiddlywinks underneath the bridge.
