

## Structured Language Experience Story “ine” #1

Linda liked to dine at nice places to eat. She would order wine with her dinner. Her husband liked to dine out, too. On Friday, they went to their favorite place to eat, but the restaurant was very busy. There was a line to get in. Linda said, “Let’s eat somewhere else.” Her husband said that would be fine, so they left. At about nine o’clock, they found a place to eat. Linda was happy.
