

## Structured Language Experience Story “ing” #2

Ted was ten years old, and the future King of England. When he was not in the castle, he loved to listen to the birds sing and to swing on ropes hung from tall trees. One sunny day Ted wanted to eat lunch outside. He had his servants bring him his food and his golden ring that would shine in the sunlight. After eating lunch, Ted wanted to fly his kite. While flying his kite his string got caught in a nearby tree. He went to free the string, but heard something that sounded like bees buzzing and stopped. Ted knew a bee sting would be painful so he did not go any closer. He left the string in the tree and had fun the rest of the day listening to the birds sing and wishing he had wings to fly with too.
