

Structured Language Experience Story “low” #1

The owner of the bowling alley told the yellow team that they would owe him, if they wanted to glow-bowl. They asked to borrow the money, but instead they went to the show. When they got out of the show about a crow, a mower, and a towboat, they saw it began to snow. The snow was blowing all around, so it was hard to make a snowball. The yellow team followed the arrows to the bowling alley and told the owner they would be back tomorrow if it stopped snowing.
