

## Structured Language Experience Story “un” #2

Uncle Furuncle took his nieces and nephews on a camping trip. He told them they were undertaking an unbelievable far-flung adventure. On Friday they went hiking and saw quite a few types of fungi growing unbridled on the forest floor. While looking at the fungi, no one noticed a skunk walk up, but luckily no one got sprayed. Uncle Furuncle took his relatives bungee jumping on Saturday. Their stomachs sunk when with a lunge they were flung up and out, then down until the bungee broke their fall. On Sunday Uncle Furuncle took his nieces and nephews to the local ice cream shop where they all had ice cream and enjoyed the summer sunshine.
